

The Residents' Association is the backbone of what happens in the community: *sponsor Social Events throughout the year; *provide informational coffees and Ice Cream Socials monthly; *support our Cooks' Program; *hold Town Hall meetings to inform residents of items of importance, such as proposed state regulations that will impact our community; *sponsor committees to address areas of community interest or concern and much more!!

The Residents' Association is the only entity guaranteed (by State law) the right to meet with community management/owners annually to discuss and raise concerns about issues that impact our community.

While it is true the Residents' Association represents all homeowners, the impact that we have with community management/owner depend on the number of members.

More Members = Greater Voice!

The annual membership fee of \$20.00 per household helps us to help you. This will be one of the best investments you can make this year.

WE NEED YOU!!

Information for upcoming events is available on:

-TV Channel 732

-Ourpora.org website

-Social Events Bulletin Board (in Clubhouse next to the computer workstation)

**PLANTATION OAKS
